EMGOLD COMPLETES DRILLING PROGRAM AT CASA SOUTH PROPERTY, QUEBEC

Vancouver, British Columbia - Emgold Mining Corporation (TSXV: EMR) ("Emgold" or the "Company") is pleased to announce that it has completed 3,021 m of diamond drilling at the Casa South Property, Quebec (the "Property") (see March 21, 2019 press release for further information). Core logging is underway and initial samples have been sent for assaying, with assays pending.

The main objective of the drill program was to test the Kama Trend gold bearing structure located just to the south of the Property boundary with Hecla Mining Corporation's (NYSE: HL) Casa Berardi Mine. The Kama Trend structure is a 7 km long by 2 km wide east-west gold bearing structure discovered in the 1980's. It hosts numerous anomalous gold zones with historic assays above 300 ppb gold. The Kama Trend is a carbonatized andesite containing up to 7% arsenopyrite with variable amounts of pyrite.

Holes CS-19-01, CS-19-02, CS-19-04, CS-19-05, CS-19-06, CS-19-07, and CS-19-08 all intersected the Kama Trend structure with variable widths from 4.5 m up to 18.3 m. In addition, Hole CS-19-03 shows a volcanic breccia in interval 99 m to 114 m with 10% quartz-carbonate veining hosting 5-10% sulfides and ankerite replacement by arsenopyrite. Moreover, numerous cases of ductile deformation have been observed in most holes indicating that other mineralizing events may have occurred.

QA/QC

The exploration program design and interpretation of results is being performed by a qualified person (QP) employing a Quality Assurance / Quality Control Program consistent with industry best practices, including the use of standards and blanks at every 20 samples.

Qualified Person

The scientific and technical information in this news release was reviewed and approved by Alain Moreau, P. Geo., Director of Exploration, a qualified person as defined by NI 43-101.

About Emgold

Emgold is a Vancouver based gold exploration and mine development Company with exploration properties located in the Quebec, Nevada, and British Columbia. These include the Golden Arrow, Buckskin Rawhide East, Buckskin Rawhide West, and Koegel Rawhide properties in Nevada, an option to acquire up to a 91% interest in the Casa South Property in Quebec, and the Stewart and Rozan properties located in British Columbia. The Company has a strategic investment of 3.75 million shares of Troilus Gold Corporation (TSX: TLG) who are advancing the Troilus Gold Property in Quebec.

Cautionary Note on Forward-Looking Statements

This news release contains forward-looking statements and forward-looking information (collectively, "forward-looking statements") within the meaning of applicable Canadian and U.S. securities legislation, including the United States *Private Securities Litigation Reform Act* of 1995. All statements, other than statements of historical fact, included herein including, without limitation, statements regarding the anticipated results from exploration activities, the discovery and delineation of mineral deposits/resources/reserves and the anticipated business plans and timing of future activities of the Company, are forward-looking statements. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: "believe", "expect", "anticipate", "intend", "estimate", "postulate" and similar expressions, or are those, which, by their nature, refer to future events.

The Company cautions investors that any forward-looking statements made by the Company are not guarantees of future results or performance, and that actual results may differ materially from those in forward-looking statements as a result of various factors, including final acquisition of the Casa South Property, further exploration, development, or mining activities on the Casa South Property, or its other Properties, operating and technical difficulties in connection with mineral exploration and development activities, the estimation or realization of mineral reserves and mineral resources, the timing and amount of estimated future production, the costs of production, capital expenditures, the costs and timing of the development of new deposits, requirements for additional capital, future prices of precious metals, changes in general economic conditions, changes in the financial markets and in the demand and market price for commodities, labour disputes and other risks of the mining industry, delays in obtaining governmental approvals, permits or financing or in the completion of development or construction activities, changes in laws, regulations and policies affecting mining operations, title disputes, the inability of the Company to obtain any necessary permits, consents or authorizations required, including TSX Venture Exchange acceptance of any other current or future property acquisitions or financings and other planned activities, the timing and possible outcome of any pending litigation, environmental issues and liabilities, and risks related to joint venture operations, and other risks and uncertainties disclosed in the Company's latest interim Management's Discussion and Analysis and filed with certain securities commissions in Canada. The Company's Canadian public disclosure filings may be accessed via www.sedar.com and readers are urged to review these materials, including the technical reports filed with respect to the Company's mineral properties.

The Company does not undertake to update any forward-looking information provided in this press release or Management's Discussion and Analysis, except as, and to the extent required by, applicable securities laws. For more information on the Company and its business, investors should review the Company's annual information form and other regulatory filings filed with securities commissions or similar authorities in Canada that are available on SEDAR at www.sedar.com. The Company reviews its forward-looking statements on an ongoing basis and updates this information when circumstances require it.

Readers are cautioned not to place undue reliance on forward-looking statements. The Company undertakes no obligation to update any of the forward-looking statements in this news release or incorporated by reference herein, except as otherwise required by law.
